

What to expect as a participant:

You can expect Results, Fun, Theory and Relationship Building from the World's Premier 4 Star Instructors regardless of the format you choose. John and Kathy are dedicated to upholding the Parelli Professional's Promise (as seen on our home page).

Auditors:

This is a great way to get familiar with a clinic/Instructor before participating in a session with them. You will have the opportunity to observe John and/or Kathy teaching during the event. We will have a microphone aimed at the participants (this is usually loud enough for auditors to hear instructions given). Most activities and simulations will be for event participants only however some may be open for auditors as well, we will let you know when this is the case. After the morning session and after the day is complete there will be time for auditors to ask questions of John and/or Kathy.

There will be a section for you to sit, you may need to bring your own chair – please contact event host for this information.

You may need to pack your own lunch – please contact event host for this information
For any level Parelli student or horse enthusiast looking for more information. We would also recommend auditing if you are getting ready to move into a new savvy.

Lessons:

These are aimed at problem solving issues and the specific format is left up to John and Kathy's discretion, to best serve the student and horse.

The formats range from private (one on one) to semi private (2-5 students) and can last from 1-4 hours. We recommend more time for a larger group, this allows each student to get time focused on them.

Your lesson will begin promptly at the agreed start time and go as long as scheduled. This ensures that all subsequent lessons start on time.

Clinics:

This is the most popular event structure lasting 2-3 days covering 2-3 savvy's at a specific level. You will participate in hands on horsemanship, simulations, observe demonstrations with student horses (possibly John and Kathy's horse as well) This is a great way to learn without turning your schedule upside down with a 2 day format you can fit your horsemanship journey into your hectic lifestyle!

All days will consist of a morning session a break for lunch and an afternoon session. (For details on places to eat/stay please contact the clinic host).

Also available as part of packages for achieving your goals and dreams.

Licensed Parelli Professionals™

John & Kathy Baar

303-775-6201

Camps:

Designed for the Parelli horsemanship experience covering all 4 savvies over a 4-5 day format! Be ready for hands on learning, simulations, theory, demos on problem solving, and inspiration! As an added bonus all Camp participants will get one on one coaching with John or Kathy! For accommodation and eating information please contact the clinic host.

Super Camps:

Be ready for the Parelli experience of a lifetime! Taken from the combined 10 years of teacher-man-ship learned from Pat and Linda at the Parelli Center Kathy and John will walk you through Level 4 in 4 Savvy's. Customizing the experience for your level, goals and experience. You will have access to a vast knowledge base and will learn everything from "What Would Pat Do" when haltering to how to become a Parelli Professional.
